Pipe Support Systems

Version 1

INTRODUCING

CORE[®]

Core values, quality products

CORE offers a range of HVAC products that represent exceptional quality and true value, supported by the service levels SBS have maintained since 1897.

Ultimately, the **CORE** range aspires to be at the forefront of every HVAC installation project within the UK.

CORE is a registered trademark owned by Smith Brothers Stores Ltd.

Welcome to the **CORE** pipe support brochure, a guide to the essential products available to support the installation of both metal and plastic pipe systems.

The comprehensive range is backed up by Smith Brothers' renowned service and expertise, our chosen distribution partner. SBS staff members are always on hand to advise on the products required to suit all pipe system applications.

CONFIDENCE

Have total confidence that when Smith Brothers put their name on a **CORE** product, it offers true quality and value that only comes with over 125 years of expertise.

PPORTUNITY

Value engineer projects without compromising on quality; **CORE** offers excellent opportunities for our customers.

RELIABILITY

With every product fully audited and traceable back to source, reliability is part and parcel of **CORE's** DNA.

EFFICIENCY

Product performance in application with minimal wastage ensures **CORE** offers genuine efficiency.

Core values, quality products

For Customers

CORE offers customers a competitively priced, trusted alternative to other branded products across various HVAC categories. With Smith Brothers' ethos of Service and Value (since 1897) applied to every business area, including **CORE**, customers can rely on its quality, regardless of application.

For Staff

Whether customer contact occurs at the trade counter, with internal sales or through external sales managers, all staff understand the preferred product choice for our customers. With dedicated staff members employed to ensure product quality with thorough auditing and monitoring systems, SBS staff can trust **CORE** products will service their customers with the utmost confidence.

For Suppliers

The manufacturers selected within the **CORE** range commit to Smith Brothers that they trust the products, are invested in growing market share and are actively promoting their development at every opportunity. Through constant 360-degree feedback and appraisal, product quality and relationships will strengthen over time.

**CORE products are available
via our distribution partner**

The full range can be viewed at: www.sbscore.co.uk

For stock and technical information for each product, our distribution partner houses all this information online at www.sbsonline.net/CORE. There is a number of ways to find the information explained below:

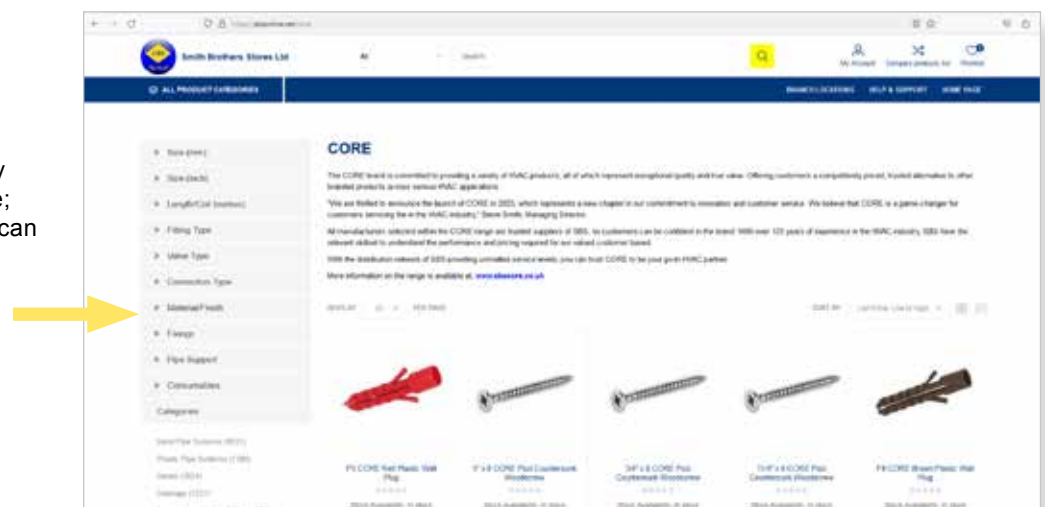

Search Bar

Type product code or product description into the search bar and click into the relevant product.

View full range and filter www.sbsonline.net/CORE

Visit the URL to highlight every single product within the range; once on this page, customers can use the left hand side filters to locate their desired product.

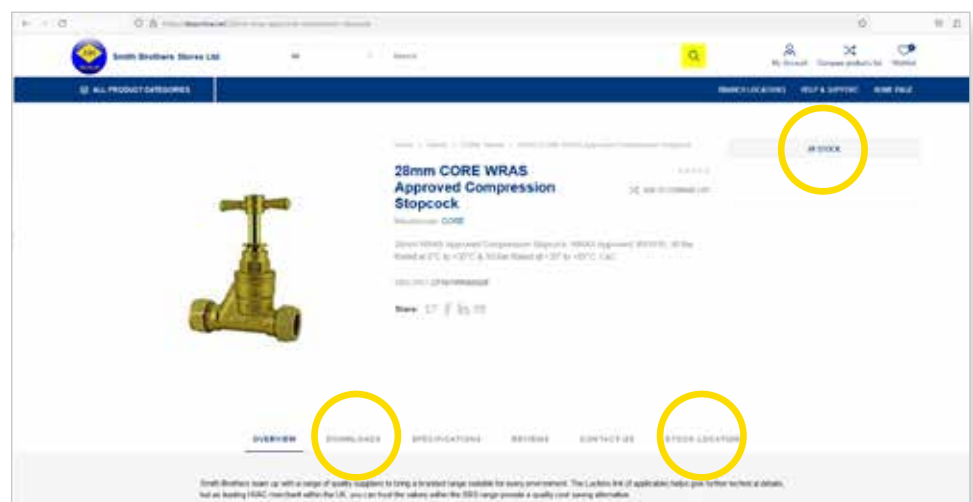

See stocking information

Once user has located and clicked within the relevant product, the next screen gives both companywide (top right) and individual stocking status within the stock location tab.

See technical documents

Within the download tab, customers can view, print and download technical product information like data sheets.

CORE offer a comprehensive range of channel lengths in 3 and 6 metres to BS6946:1988 (British Standard specification for metal channel cable support systems) which is available as slotted and plain channel lengths.

Available channel sizes are 41 x 21mm, 41 x 41mm and 41 x 82mm (back-to-back channel) profiles. These are available in standard gauge (2.5mm) and light gauge (1.5mm) thickness, except for back to back channel. All slotted channel length profiles have full end slots with a Pre-Galvanised finish.

Light Slotted

Size (mm)	Length (m)	Product Code
41 x 21 x 1.6	3	TSS4213M
41 x 21 x 1.6	6	TSS4216M

CORE by SBS

Our comprehensive pipe clip offering includes a range of pressed steel lightweight clips in mild steel and stainless steel. They are suitable for steel, copper, plastic and stainless steel pipe applications. There are variations of these clips in both a rubber-lined and unlined finish. These are bossed to facilitate a hanging solution and use threaded bar in a horizontal pipework setting.

A full range of malleable iron pipe clips, clamps, brackets and backplates can be used to support steel tube to EN10255 (formerly referred to as BS1387). These clips are available in both black and galvanised finish and are made from black iron material (Blackheart).

The term Blackheart refers to the type of malleable iron that is produced during the casting process. This is made by annealing white iron in a neutral atmosphere at a temperature of 900°C and is renowned for its strength. The British Standard for Blackheart malleable iron is BS6681:1986.

Our brass range is available in metric and BSP thread sizes where applicable. Pipe clips are also referred to as, clamps, munsen rings and brackets. They are suitable for use when supporting a secure fixing for copper pipes or tube to EN 1057 (formerly referred to as BS2871 part 1: 1971). The products are primarily manufactured in cast brass.

Manufactured from a closed cell rigid material, our phenolic blocks have a high-density foam appearance. They are bore coated and are CFC / HCFC free with a density of either 60, 80 or 120 kg/m³. Phenolic block pipe supports are used when thermal insulation of pipework and ducting is required. The primary function of the insulation is to isolate the pipework from the support bracket itself, to limit heat loss in the pipework system during thermal bridging.

6 Piece Electricians Screwdriver Set		SDS6

Joining Compounds

Product	Size	Product Code
White	400g	COREWHITE
SH27 Pipe Sealant	500g	CORESH27

Solder

Product	Size	Product Code
Lead Free Solder Wire	500g coil	LFS500
Leaded Solder Wire	500g coil	LS500

Tapes

Product	Size	Product Code
PTFE Tape		PTFE
PTFE Tape for Gas		PTFEG
Anti-Corrosion Tape	2"	DT050
Anti-Corrosion Tape	3"	DT080
Anti-Corrosion Tape	4"	DT100
Anti-Corrosion Tape	6"	DT150
Aluminium Tape	2" x 50yds	FOIT050

Hemp

Product	Size	Product Code
Hank of Hemp		HEMP
Hemp Dispenser		HEMPDIS
Mini-Hemp Dispenser (3HD40)	40g	HEMPMD
Hemp Dispenser Refill	80g	HEMPREF

Wire Wool & Abrasives

Product	Size	Product Code
Wire Wool (Fine)	150g	WW150
Med Wire Wool	454g	WW454
Cleanfit Mini Abrasive Strips	3m	CFMS
Cleanfit Mini Abrasive Strip Roll	5m	CFROLL5M

Cutting Oils

Product	Size	Product Code
Thread Cutting Oil	5ltr	RID11931

Aerosols

Product	Size	Product Code
AC-90 Liquid Maintenance Spray	500ml	LMS500
LD-90 Gas Leak Detector Spray	400ml	GLD400
Zinc Galvanised Paint	500ml	ACCGP
Pre-Mixed Food Safe Evaporator	1L	ACG2GUNIVGB
Anti-Static Foam Cleaner FC-90	500ml	ASFC500
Yellow Gas Paint	2.5L	YEL0250
ZG-90 Zinc Galv Spray	500ml	ACCGS
RX-90 Red Oxide Primer Spray	500ml	ROS500
RX-90 Red Oxide Primer Spray	2.5L	RED0250
RX-90 Red Oxide Primer Spray	5L	RED0500

Solvents

Product	Size	Product Code
PVC Solvent Cement	500g	PVC500
PVC-U Wet 'R Dry Solvent Cement	240ml	PVCWRD240
PVC-U Wet 'R Dry Solvent Cement	500ml	PVCWRD500
ABS Press Solvent	500ml	ABS500
MEK PVC/ABS Cleaner	500ml	PVCC500

Sealant & Cements

Product	Size	Product Code
C-TEC CT1 Sealant White		CT1-WHITE
C-TEC CT1 Sealant Clear		CT1-CLEAR
Fire Cement	1kg	KOS1000

This image shows a single sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no vertical margin lines or other markings present. The paper appears to be a standard sheet of notebook paper.
